Dear Valued Customer,

Your comfort has always been important to us and providing straight-forward, dependable heating oil service has been our highest priority.

With this in mind, I am pleased to formally announce that Rotz Oil is now part of Tevis Energy. Although this successful merger began two years ago, we were not at liberty to make this announcement until now.

Tevis Energy is a family-owned company that has been serving customers in southern Pennsylvania and Maryland for over 85 years. The result of this merger is the continuation of the same dependable and competitively-priced heating oil service that you have always expected from Rotz.

Additionally, you will now have easy access to expert heating and cooling services through Tevis Energy's sister company, Modern Comfort Systems. They are a full-service HVAC company offering service and installation on all types of heating and cooling systems.

I am especially pleased that Julie Oberholzer and I have chosen to continue our employment with Tevis Energy. We are joined by father and son drivers, Rodney Morton and Brandon Morton, whom you may know. Together, we look forward to serving you in the best way possible and making this a seamless transition for you!

Although there will be no change to the way you place an order with Rotz, you may notice a few minor changes:

- The names Tevis Energy will be referenced on your delivery tickets, invoices, and bank statements.
- On occasion, we may dispatch a Tevis Energy vehicle to serve you. Our goal will always be to reach you as quickly and efficiently as possible.

As always, please call Julie or me with any questions you may have.

We look forward to serving you now and in the future!

Warmest regards,

Jere Shipp
Operations Manager
